### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Nicholas Rouse on 5/2/2005.

2. The application has been amended as follows:

#### **IN THE CLAIMS:**

1) Claim 7 has been cancelled and rewritten as follows:

-- 10. A cover assembly for a convertible vehicle, comprising:

an articulating frame;

a flexible cover secured to the articulating frame, the flexible cover including an outer layer of flexible material and an inner layer of flexible material;

at least one layer of flexible, tear resistant material positioned between the outer layer of flexible material and the inner layer of flexible material; and

an alarm assembly, said alarm assembly comprising:

a first conductor plate fabricated of a flexible material, the first conductor plate positioned between the outer layer of flexible material and the inner layer of flexible material;

a second conductor plate fabricated of a flexible material, the second conductor plate positioned between the outer layer of flexible material and the inner layer of flexible material and electrically insulated from the first conductor plate;

a power source; and

an alarm system electrically connected to the power source and at least one of the first conductor plate and the second conductor plate such that upon an electrical conducting implement piercing the first conductor plate and contacting the second conductor plate an electrical connection is established between the first conductor plate and the second conductor plate thereby causing the alarm system to emit an alerting signal. --;

2) Claim 8 line 1, "claim 6" has been changed to – claim 10 --.
